## INSPIRED. INSPIRING.

In the space of a moment's reflection, one has the chance to see below the surface - to discover new depths, untold stories, and underlying inflections. Out of the Shadows 2.0 gives us a chance to reflect, to look more closely, if just for a second and see the once-hidden stories rise from their depths.

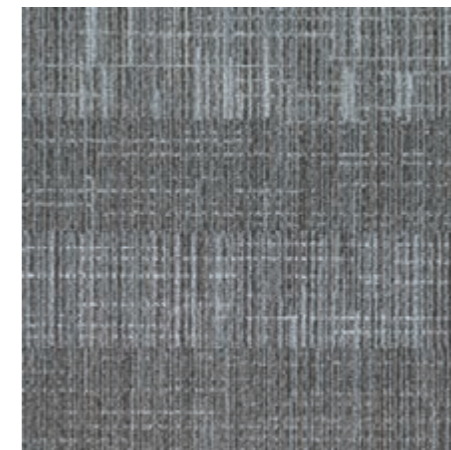

## Out of the Shadows 2.0 Patterns

Out of the Shadows 2.0 features three coordinating designs. The designs below are shown in the Overlay colour.
